Consultancy Fees

Services and fees are based on work carried out on previous designs and other client commissions. We are constantly evaluating the work we do and the way we run our social enterprise, in order to meet a professional standard.

=====

Standard Fee

- £40 per hour (*minimum 2 hours per visit*)

Corporate Rate

- £60 per hour (*minimum 2 hours per visit*)

Initial Deposit

- £300

Charities and Social Enterprises

- Rates are negotiable.

Our service includes the following:

- 3 consultations
- Measuring
- Photography
- Soil tests
- Site observation
- Gradient where necessary
- Contours where necessary
- Additional survey where necessary
- All relevant research
- Design preparation and review
- Drawn colour base map/ digital version

<https://www.facebook.com/WyldEdges> | [instagram.com/wyldedges_cic](https://www.instagram.com/wyldedges_cic) | [twitter: @WyldEdges](https://twitter.com/WyldEdges)

- Colour overlays - to include zoning, sectors, etc
- Colour designers' recommendations - drawing or digital format
- Initial comprehensive design proposal - large printed text document
- Recommended plant list - printed text document
- Additional printed handouts and information (*emailed if possible*)
- Presentation of design with drawings
- Phased plan of implementation or project management - usually a large document
- 10% discount on our plant stock (*unless other discount has already been applied*)
- Additional consultation and drawings can be arranged at additional cost.
- Online tutorials/support during the process of your design

The above is a guide and may alter depending on the size and needs of the garden or small holding design and its complexity. We aim to keep costs as realistic and low as possible; materials and plants are an additional cost to the design.

Live Design

Some clients prefer to work with us on a more integrative basis, in which we collaborate over a series of on-site sessions to put together a suitable design.

This approach is a good way to involve the whole family, and learn the Permaculture Design process alongside the creation of your site design.

Please let us know if you would prefer to proceed on a Live Design basis, and we can arrange this together.

Workshop Design Service

We offer bespoke workshops for your organisation. These are tailored to your needs and can include our new initiative, Community Led Permaculture Award. This may also include the Children in Permaculture curriculum.

Our work supports the Early Years Foundation Stage and the 7 Areas of Learning, through delivery of Permaculture education for meeting the Ofsted requirements for outdoor learning.

Our Workshop Design service includes the following:

- Delivery of session
- Bespoke session design
- Research and planning
- Preparation of session(s) - documentation and time
- Create and print handouts as necessary - document (this includes supporting evidence for Ofsted)
- Setup of equipment
- Risk Assessment (*includes COVID secure*)
- Facilitation of individuals/groups
- Online support/teaching

Courses

We run an online, real-time Introduction To Permaculture course. This is a certificated course recognised by the Permaculture Association UK.

We are also able to deliver this face to face at your chosen location.

Fees are for the expertise of two DBS-checked consultants

A portfolio of work is available on request
